

## Migrating Favorites/Bookmarks from IE to Google Chrome

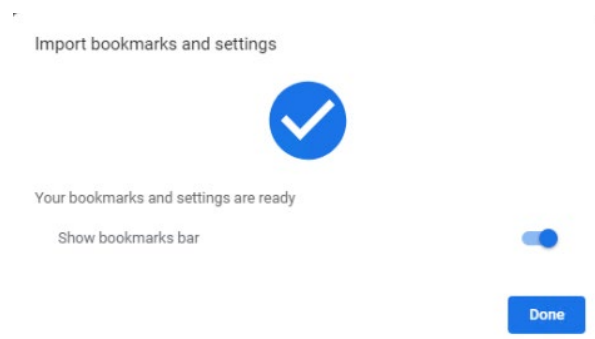

1. Launch Google Chrome
2. Click the ellipsis in the top right corner of the Chrome browser
3. Then click **Bookmarks** then **Import bookmarks and settings**

4. The import settings tab will open, in the Import bookmarks and settings window, select **Microsoft Internet Explorer**
5. Click **Import**

6. Bookmarks and settings will be imported from IE to Chrome. Click **Done** when you receive confirmation that your bookmarks are ready

7. Close the **Settings** tab
8. You can find your imported bookmarks by clicking the ellipsis in the top right corner of the Chrome browser, then click Bookmarks
