

Migrating Favorites/Bookmarks from IE to Firefox

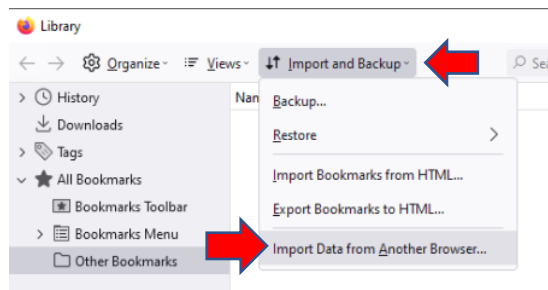

1. Launch Firefox
2. Click the hamburger button in the top right corner and click **Bookmarks**

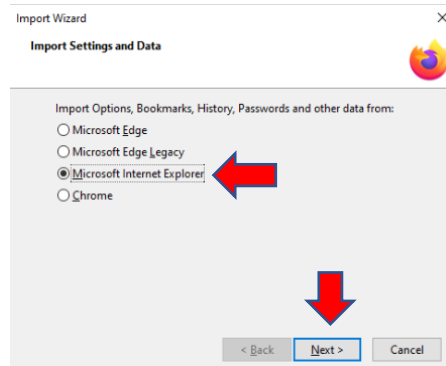

3. In the Bookmarks menu, click **Manage Bookmarks** at the bottom of the menu

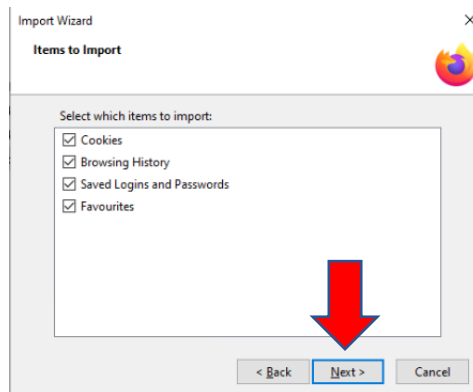

4. In the Library window that appears, click **Import and Backup**
5. Click **Import Data from Another Browser**

6. In the Import Settings and Data window, select **Microsoft Internet Explorer** and click **Next**

7. Click **Next** in the list of items to import

8. The items will be imported into Firefox, and you will receive confirmation when the import is complete. Click Finish to close the Import Wizard.
9. Close the Library window
10. You can find your imported bookmarks by clicking on the Hamburger menu in the top right corner and click **Bookmarks**
