

## Migrating Favorites/Bookmarks from IE to Edge

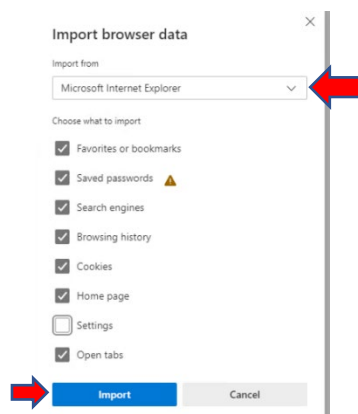

1. Open Microsoft Edge
2. Click the ellipsis in the top right corner, then click **Favorites**

3. Click the ellipsis in the corner of the Favorites menu and click **Import Favorites**

4. The settings tab in Edge will open. In the Import browser data window, click the dropdown list and select **Internet Explorer**. Uncheck the **Settings** option and click **Import**

5. You will receive confirmation once the import is complete. Close the Settings tab. You can find your favorites/bookmarks by clicking the favorites icon
