How for set Call Forwarding: iPhone XR
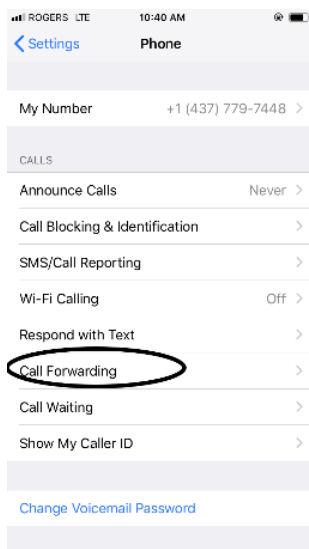

VERSION: 1.0

Wednesday, March 18, 2020

Purpose:
This guide will show you how to set up Call Fowarding:

Procedure:

1. Go to your iPhone settings and tap on "Phone."

2. In the Phone Settings menu, select "Call Forwarding"

3. Turn on call forwarding by tapping the toggle button next to it, then enter the number you wish to forward calls. Hit the back arrow in the top left corner of the screen to save your changes.

To cancel call forwarding, follow the same steps noted above, but at step three, toggle off the call forwarding option
